

LIGHT DUTY INSTITUTIONAL SERIES CASTER

**Quiet Rolling.
Cushion Ride.**

Features

Built for everyday performance, the LDI Series delivers smooth, reliable mobility across light-duty applications. A non-marking cushion wheel protects floors while a precision double ball raceway adds stability. Available in bright zinc or corrosion-resistant stainless steel, each caster comes standard with thread guards and a secure bolt-and-nut axle to reduce maintenance and keep operations running smoothly.

From furniture to laboratory equipment, the LDI Series is a dependable solution that keeps things moving.
